

AgilityFlix

INVITE YOU TO ATTEND A WEEKEND OF
SKILL BUILDING

Friday, Saturday and Sunday: October 4, 5, & 6 2019

Fall Skill Building Weekend!

1 - 2 - 3 - 4...

What are we waiting for?!

While most of you have been introduced and played the 1 - 2 - 3 - 4 game in class, many haven't really scratched the surface, and it is a wonderful technique to elevate your handling to new levels. Please make sure you and your dog have the **skills** that are a good fit before signing up.

If you have any questions about the necessary **skill sets**: ask away!

Friday October 4, 2019

8:00 - 10:00AM: 1 - 2 - 3 - 4 what are you waiting for? Novice teams If you have never heard of this technique before, or have a very hazy idea about what we are talking about, you are in luck! Come and join us to learn how to strategize agility handling with minimal sequencing.

Skills you and your dog need: You must understand how to walk a sequence: walk the path of the dog, then walk the changes of direction with front crosses, then we can figure out how to handle the sequence. (2 hours 5 teams)

10:15 - 12:15PM: Building on the basic handling skills with the 1 - 2 - 3 - 4 exercises
After this seminar your handling will be taken up a notch.

Skills you and your dog need: You must understand how to walk a sequence: walk the path of the dog, then walk the changes of direction with front crosses, **and** understand the mechanics of front & rear crosses, and the difference between collection and extension cues. (2 hours 5 teams)

12:30 - 2:30PM: Building on the basic handling skills with the 1 - 2 - 3 - 4 exercises
After this seminar your handling will be taken up a notch.

Skills you and your dog need: You must understand how to walk a sequence: walk the path of the dog, then walk the changes of direction with front crosses, **and** understand mechanics of front & rear crosses, and the difference between collection and extension cues. (2 hours 5 teams)

2:45 - 4:45PM: Advanced handling challenges: So, we will get to work and look at crazy puzzles to really challenge your handling skills!

Skills you and your dog need: A reliable understanding of how the 1 - 2 - 3 - 4 exercises work, and a desire to kick your handling up a couple of notches. You are able to strategize & execute 1 - 2 - 3 - 4 drills **on the fly** in **basic** jump sequencing. That is **not all** we will be doing in this seminar! **This seminar is for advanced handlers. If you have questions please ask before signing up.** (2 hours 5 teams)

Saturday October 5, 2019

(all sequences will vary from previous seminars)

8:00 - 10:00AM: Advanced handling challenges: So, we will get to work and look at crazy puzzles to really challenge your handling skills!
